MANAGEMENT'S DISCUSSION AND ANALYSIS

Destin High School, Inc. (the "School") offers the following narrative overview and analysis of the financial activities of the School for the fiscal year ended June 30, 2023. Readers are encouraged to use this information in conjunction with information furnished in the School's financial statements. This summary should not be taken as a replacement for the audit, which consists of the basic financial statements and other supplemental information.

FINANCIAL HIGHLIGHTS

- This is the School's second year of operations.
- For the fiscal year ended June 30, 2023, the School's increase in fund balance was approximately \$5.9 million.
- ✤ As of June 30, 2023, the School's ending fund balance is approximately \$7 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The School's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The basic financial statements present two different views of the School through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the understanding of the financial condition of the School. This document also includes the Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, as well as the management letter required by the Rules of the Auditor General, Chapter 10.850, *Audits of Charter Schools and Similar Entities*.

Government-wide Financial Statements

The government-wide financial statements are designed to provide a broad overview of the School's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the School's financial status as a whole.

The two government-wide statements report the School's net position and the current year changes. Net position is the difference between the School's total assets and total liabilities. Measuring the net position is one way to evaluate the School's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities, 2) business-type activities, and 3) component units. The governmental activities include the School's basic services. The business-type activities are those services that the School charges for that are not directly related to the School's mission. For the year ended June 30, 2023, the School had no business-type activities or component units.

Fund Financial Statements

The fund financial statements provide a more detailed look at the School's most significant activities. A fund is a grouping of related accounts used to maintain control over resources segregated for specific activities or objectives. All of the operations of the School are presented in a governmental funds only.

Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. The School's basic services are accounted for in governmental funds. These funds focus on how assets that can readily be converted into cash flow in and out, and what monies are left at year-end will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting.* This method also has a current financial resources focus. As a result, the governmental fund financial statements provide a detailed short-term view of the financial resources available to finance the School's programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The School adopts an annual budget for its general and special revenue fund, as required by the Florida Statutes. The budget is legally adopted by management of the School and its Board. A Budgetary Comparison Schedule has been included as part of the required supplementary information. The budgetary comparison schedule shows four columns: 1) the original budget as adopted by the Board, 2) the final budget as amended by the Board, 3) the actual resources, charges and ending balances in the general fund, and 4) the variance between the final budget and the actual resources and charges.

Notes to Financial Statements

The notes to financial statements provide additional information essential to the full understanding of the information reported in the government-wide and fund financial statements. The notes to the financial statements start on page 16 of this report.

Other Reports

This report also includes the Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards,* as well as the management letter required by the Rules of the Auditor General, Chapter 10.850, *Audits of Charter Schools and Similar Entities.*

BALANCE SHEET – GOVERNMENTAL FUNDS

The School's combined fund balance as of June 30, 2023 is summarized as follows:

	2023	2022	Difference
Current and other assets	\$ 7,340,889	\$ 561,721	6,779,168
Total assets	7,340,889	561,751	6,779,168
Current and other liabilities	335,806	455,199	(119,393)
Total liabilities	355,806	455,199	(119,393)
Fund Balance: Nonspendable			
Prepaid expenses	22,005	-	22,005
Other real estate asset	2,680	-	2,680
Restricted			
Debt service	6,130,046	-	6,130,046
Spendable: Unassigned	850,352	106,522	743,830
Total fund balance	\$ 7,005,083	\$ 106,522	6,898,561

The School's current and other assets increased over prior year due to an increase in cash on hand relating to unspent bond funds. Current liabilities decreased due to timing of payments. Total fund balance increased due to current year operations and the proceeds from long-term debt.

Change in Fund Balances

The School's total expenditures exceeded revenues by approximately \$5.4 million before other financing sources in fiscal 2023—see table below.

	2023	2022	Difference
Revenues: Federal sources passes			
through local school			
sources	\$ 402,513	\$ 667,640	(265,127)
State and local sources	3,820,150	2,195,640	1,624,510
Contributions and other	1 006 540	1 262 626	642.046
revenue	1,906,542	1,262,626	643,916
Total revenues	6,129,205	4,125,906	2,003,299
Expenditures:			
Instruction	3,584,908	1,975,345	1,609,563
Pupil personnel	128,381	120,930	7,451
Board	373,826	34,512	339,314
General administration	89,053	83,652	5,401
School administration	480,007	682,139	(202,132)
Facilities & acquisition	4,436,270	2,950,598	1,485,672
Fiscal services	80,619	70,800	9,819
Food	162,320	115,915	46,405
Pupil transportation	194,832	101,930	92,902
Operation of plant	493,802	266,371	227,431
Maintenance of plant	44,273	12,802	31,471
Community Services	12,662	-	12,662
Principal	419,485	41,667	377,818
Interest	1,067,112	540,683	526,429
Total expenditures	11,567,550	6,997,344	5,570,206
Change in fund balances	\$ (5,438,345)	\$ (2,871,438)	(2,566,907)

The School's state and local sources increased due to increase in student enrollment. The School's contributions and other revenues increased primarily due to athletic fees. Instructional expenses increased in connection with the increased student enrollment. Facilities and acquisition increased as the School began Phase II of construction early in the fiscal year.

FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS

The focus of School's governmental funds is to provide information on near term inflows, outflows, and balances of usable resources. Such information is useful in assessing School's financing requirements. Specifically, unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

As the School completed the year, its governmental fund reported a fund balance of \$7,005,083.

General Fund Budgetary Highlights

During the fiscal year, the School did not amend its general fund budget. Generally, budget amendments fall into one of the three categories: 1) amendments made to adjust the estimates used to prepare the original budget once exact information is available, 2) amendments made to recognize changes in funding amounts; and 3) changes in appropriations necessary to maintain services.

For the year ended June 30, 2023, actual revenues were more than budgeted amounts by approximately \$756,000. Actual expenditures were approximately \$1,043,000 more than budgeted costs.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal 2023, the School's investment in capital assets was \$13,092,928 net of accumulated depreciation of \$341,504.

As of June 30, 2023 information regarding the School's capital assets is as follows:

	2023	 2022	Difference
Land	\$ 4,600,000	\$ 4,600,000	-
Construction in progress	3,961,363	-	3,961,363
Building Furniture, fixtures and equipment	4,459,077	4,459,077	-
	325,212	325,212	-
Vehicles	88,780	 88,780	
Total capital assets	\$ 13,434,432	\$ 9,473,069	3,961,363

The School had approximately \$3.9 million capital asset additions during 2023, relating to the construction of the new building.

More detailed information about the School's capital assets is presented in Note 3 to the financial statements.

Lease Asset and Liability

The School implemented GASB Statement No. 87 - Leases, which requires the recognition of certain long term lease contracts in which the School has control of a non-financial asset. The lease liability is recorded at the present value of future lease payments, including fixed payments, variable payments and reasonably certain guarantees. The lease liability is reduced for lease payments made, less the interest portion of the lease payment.

The non-financial asset is recorded as an intangible right-to-use asset. The right-to-use asset is recorded for the same amount as the related lease liability plus any prepayments and initial direct costs to place the asset in service. The right-to-use asset is amortized over the shorter of the useful life of the asset or lease term. In 2022, the School recognized a right-to-use asset and a lease liability of \$64,383, which applies to their educational facility lease.

Information related to the change in the right-to-use asset and lease liability is presented in Note 4.

Long Term Debt

The school has outstanding bonds, in the amount of approximately \$20,250,000. The school paid interest of approximately \$1.07 million during fiscal year June 30, 2023. More detailed information about the School's long-term liabilities is presented in Note 5 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Budget Highlights for the Fiscal Year Ending June 30, 2024

Amounts available for appropriation in the general fund are expected to be approximately \$5.3 million, which is an increase of approximately \$1.0 million from 2023 actual revenue.

Budgeted expenditures are expected a slight increase to approximately \$4.3 million from the fiscal 2023 actual amount.

CONTACTING THE SCHOOL'S FINANCIAL MANAGEMENT

This financial report is designed to provide interested parties with a general overview of the School's finances and to demonstrate the School's accountability for the money it receives. Should additional information be required, please contact the School's administrative offices at 4325 Commons Drive W., Destin, FL 32541.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Destin High School, Inc. A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of the Destin High School, Inc. (the "School"), a Charter School and Component Unit of the District School Board of Okaloosa County, Florida as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Destin High School, Inc. a Charter School and Component Unit of the District School Board of Okaloosa County, Florida as of and for the year ended June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Schools' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 5, 2023, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the School's internal control over financial reporting and compliance.

Reconciliation of the Statement of Revenues, Expenditures and Change in Fund Balance of Governmental Fund to the Statement of Activities

For the Year Ended June 30, 2023

Net change in fund balances - total governmental funds	\$	5,886,655
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amounts incurred in the current period:		
Capital outlays		3,961,363
Depreciation expense		(117,063)
Amortization expense		59
Long-term debt proceeds are reported as other financing sources in the Governmental Funds and as long-term liabiliites in the Statement of Net Position.		(11,325,000)
The repayment of principal of long-term debt is an expenditure in the Governmental Funds, but the repayment reduces long-term debt in the Statement of Net Position.		403,330
Change in net position of governmental activities	\$	(1,190,656)
	Ŧ	(,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements

For the Year Ended June 30, 2023

1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Destin High School, Inc. (the "School") is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes and the Florida Not-for-Profit Corporation Act. The governing body of the School is the not-for-profit corporation Board of Directors (the "Board"), which is composed of nine members.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter of the sponsoring school district, the District School Board of Okaloosa County, Florida (the "School Board"). The School is considered a component unit of the School Board and meets the definition of a governmental entity under the Governmental Accounting Standards Board ("GASB").

Charter Contract

The School operates under a charter granted by the School Board. The current charter expires on June 30, 2025 and may be renewed for a maximum of an additional five years, unless a longer term is required by law, by mutual written agreement between the School and the School Board. Upon the expiration of the charter, the School Board may elect not to renew the charter under grounds specified in the charter. However, the School Board may terminate the current charter at any time if good cause is shown. In the event of termination of the charter, any property purchased by the School with public funds and any unencumbered public funds revert to the School Board.

Basis of Presentation

Based on the guidance provided in the American Institute of Certified Public Accountants Audit and Accounting Guide – *Audits for States and Local Governments* and provisions in the Florida Statutes, the School is considered a governmental organization for financial statement reporting purposes. The School is required by its agreement with the School Board to use the governmental reporting model and follow the fund and accounting structure provided in the "Financial and Program Cost Accounting and Reporting for Florida Schools – The Red Book" issued by the Florida Department of Education (" FDOE").

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements (continued)

Government-wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the School in a manner similar to a private-sector business. The statement of net position and statement of activities are designed to provide financial information about the School as a whole on an accrual basis of accounting. The statement of net position provides information about the School's financial position, its assets and its liabilities, using an economic resources measurement focus.

The statement of activities presents a comparison between direct expenses and program revenue for each function or program of the School's governmental activities. Direct expenses are those specifically associated with a program or function, therefore, are clearly identifiable to a particular function.

Program revenues include charges paid by the recipient of goods and services offered by the program and grants and contributions that are restricted for meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues.

Fund Financial Statements

The governmental fund financial statements report detailed information about the School's most significant funds, not the School as a whole. A fund is a group of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The School uses fund accounting to ensure and demonstrate compliance with finance related requirements. Certain funds are established by law while others are created by grant agreements. The following are major individual governmental funds reported in the fund financial statements:

- <u>General Fund</u> the School's primary operating fund that accounts for all financial resources of the School, except those that are required to be accounted for in another fund.
- <u>Special Revenue Fund</u> to account for the proceeds of specific revenue sources restricted or committed to expenditures for a specific purpose.
- <u>Capital Projects Fund</u> to account for all resources for the acquisition of capital items by the School purchased with capital outlay funds
- <u>Debt Service Fund</u> to account for the accumulation of resources for, and payment of general long-term debt principal, interest and related costs.

For the purpose of these statements, the general fund, special revenue fund, capital projects fund and debt service fund are considered the major funds.

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements (continued)

Basis of Accounting

Basis of accounting refers to when revenues and expenses/expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recognized when earned and expenses/expenditures are recognized when a liability is incurred, regardless of the timing the related cash flows take place.

The governmental fund financial statements are reported using the modified accrual basis of accounting. Under this method, revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectable within a current period. The School considers revenues to be available if they are collected within 60 days after the end of the current fiscal year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recognized when due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds from the acquisition of long-term debt are reported as other financing sources.

Budgetary Basis Accounting

Budgets are prepared using the modified accrual basis of accounting and the governing board must approve all budgets and amendments. During the fiscal year, expenditures were controlled at the object level. Budgets may be amended by resolution of the Board prior to the date of the annual report.

Use of Estimates

In preparing the financial statements in conformity with accounting principles generally accepted in the United States, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the balance sheet and revenues and expenses/expenditures for the period presented. Actual results could differ significantly from those estimates.

Cash and Cash Equivalents

The School's cash consists of demand deposits, certificates of deposits and money market accounts with financial institutions.

As Florida Statutes and the School's policy require, all deposits must be made into and held by financial institutions designated by the treasurer of the State of Florida as qualified public depositories as defined by Chapter 280 of the Florida Statutes. This statute requires that every qualified public depository institution maintain eligible collateral to secure the public entity's funds.

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements (continued)

The minimum collateral to be pledged by the institution, the collateral eligible for pledge, and reporting requirements of the qualified public depositor to the treasurer is defined by the ability of the institution to guarantee deposits made by members of the pool should the need arise. The School also has deposits in institutions that are not qualified public depositories. These funds are fully insured by the FDIC as they fall under the mandatory insurance limits of \$250,000.

Interfund Receivables and Payables

Activities between the funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as due to/from other funds. The general fund has recorded total receivables of approximately \$36,000 which relates to amounts paid by the general fund on behalf of the special revenue fund.

Interfund Transfers

The School reports its general fund, capital projects fund, special revenue fund and debt service fund as major funds. For the year ended June 30, 2023, the general fund transferred approximately \$3,427,000 and \$1,472,000 to the capital projects and debt service fund, respectively.

Other Receivables

Other Receivables consist of amounts due from governmental agencies for various programs.

Capital Assets and Depreciation

The School's capital assets with useful lives of more than one year are stated at historical cost and reported in the statement of net position in the government-wide financial statements. Donated capital assets are recorded at their estimated fair value on the date donated. The School capitalizes assets with a cost of \$750 or more. Expenditures of normal maintenance and repair that do not add to the asset value or extend the useful life are not capitalized. Depreciation is computed using the straight-line method. Estimated useful lives of the assets are as follows:

Veere

	tears
Furniture, fixtures, and equipment	5 - 15
Buildings	40

Information related to the change in capital assets is described in Note 3.

Long-Term Liabilities

Long-term liabilities financed by resources to be received in the future by the general fund are reported in the government-wide financial statements, not in the general fund.

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements (continued)

Net Position and Fund Balance Classifications

Government-wide financial statements

The net position is classified and reported in three components:

- <u>Investment in capital assets, net of related debt</u> consists of capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any borrowings that are attributed to the acquisition or improvement of those assets.
- <u>Restricted</u> consists of amounts with constraints placed on their use either by external groups such as creditors, grantors, contributors or laws or regulations of other governments.
- <u>Unrestricted</u> all other amounts that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund financial statements

GASB Codification Section 1800.142, *Fund Balance Reporting and Governmental Fund Type Definitions,* defines the different types of fund balances that a governmental entity must use for financial reporting purposes. GASB requires the fund balance amounts to be reported within one of the following fund balance categories:

- <u>Nonspendable</u> fund balance associated with inventories, prepaid expenses, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed or assigned). All nonspendable fund balances at year end relate to assets that are in nonspendable form.
- <u>Restricted</u> fund balance that can be spent only for the specific purposes stipulated by the constitution, external resource providers, or through enabling legislation.
- <u>Committed</u> fund balance that can be used only for the specific purposes determined by a formal action of the School's Board of Governance.
- <u>Assigned</u> fund balance that is intended to be used by the School's management for specific purposes but does not meet the criteria to be classified as restricted or committed.
- <u>Unassigned</u> fund balance that is the residual amount for the School's general fund and includes all spendable amounts not contained in the other classifications.

This statement also clarifies the definition of the special revenue fund to denote it may be used to account for the proceeds of specific revenue sources (other than trusts for individual, private organizations or other governmental agencies or for major capital projects) legally restricted to expenditures for specified purposes.

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements (continued)

Order of Fund Balance Spending Policy

The School's policy is to apply expenditures against nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year. First, nonspendable fund balances are determined. Then restricted fund balances for specific purposes are determined (not including nonspendable amounts). Any remaining fund balance amounts for the non-general funds are to be classified as restricted fund balance. It is possible for the non-general funds to be classified as restricted fund balance. It is possible for the non-general funds to have negative unassigned fund balance when non-spendable amounts plus the amount of restricted fund balances for specific purposes exceed the positive fund balance for the non-general fund.

Revenue Sources

Revenues for operations are received primarily from the School Board pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33, Florida Statutes, the School reports the number of full-time equivalent (FTE) students and related data to the School Board. The School Board receives a 5% administrative fee from the School, which is withheld from the respective Florida Education Finance Program ("FEFP") payments. The administrative expense is reflected as a general administration expense/expenditure in the accompanying statement of activities and statement of revenues, expenditures and changes in fund balances – governmental fund. The administrative fee is calculated on the FEFP revenue up to 250 students.

Under provisions of Section 1011.62, Florida Statutes, the District reports the number of students and related data to the Florida Department of Education (FDOE) for funding through the FEFP. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey period. The FDOE may also adjust subsequent fiscal period allocations based on an audit of the School's compliance in determining and reporting FTE and related data. Generally, such adjustments are treated as reductions or additions of revenues in the year when the adjustments are made.

The basic amount of funding through the FEFP under Section 1011.62 is calculated based on (1) unweighted FTE, multiplied by (2) the cost factor for each program multiplied by (3) the base student allocation established by the Florida legislature. Additional funds for exceptional students who do not have a matrix of services are provided through the guaranteed allocation designated in Section 1011.62(1)(e)2., Florida Statutes. For the year ended June 30, 2023, the School reported 451 unweighted FTE.

The School received additional funding under other federal and state grants as well as private donations. This assistance is generally received based on applications submitted to various granting agencies. For federal and state grants in which funding is awarded based on incurring

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements (continued)

eligible expenditures, revenue is recognized as the amount of eligible expenditures have been incurred.

Recently Issued Accounting Pronouncements

In May 2020, the GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements (SBITA). This pronouncement establishes a definition for SBITAs and provides guidance for accounting and financial reporting for transactions that meet that definition. Under this pronouncement, a school is required to recognize an intangible right-to-use subscription asset and corresponding subscription liability, thereby enhancing the relevance and consistency of information about a school's activities. The cumulative effect of any changes implemented to conform to this pronouncement would be reported as a restatement of beginning net position and fund balance. The original effective implementation date was reporting periods beginning after June 15, 2021. However, GASB Statement No. 95 postponed the implementation of this statement to be effective for reporting beginning after June 15, 2022. Currently, the School is not engaged in any software subscription services but is aware of the adoption of this Statement.

2 FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States (GAAP) define fair value for an investment generally as the price an organization would receive upon selling the investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment. The information available to measure fair value varies depending on the nature of each investment and its market or markets. Accordingly, GAAP recognizes a hierarchy of "inputs" an organization may use in determining or estimating fair value. The inputs are categorized into "levels" that relate to the extent to which an input is objectively observable and the extent to which markets exist for identical or comparable investments. In determining or estimating fair value, an organization is required to maximize the use of observable market data (to the extent available) and minimize the use of unobservable inputs. The hierarchy assigns the highest priority to unadjusted quoted prices in active markets for identical items (Level 1 inputs) and the lowest priority to unobservable inputs.

The fair value hierarchy distinguishes between independent observable inputs and unobservable inputs used to measure fair value as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2: Inputs other than quoted market prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements (continued)

Level 3: Unobservable inputs for an asset or liability. Level 3 inputs should be used to measure fair value to the extent that observable level 1 or 2 inputs are not available.

This statement requires disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. The School's significant financial instruments are cash, accounts receivable, accounts payable, long term borrowings, and other short term assets and liabilities. For these financial instruments (level 1), carrying values approximate fair value because of the short maturity of these instruments.

3 CAPITAL ASSETS

Capital asset activity during the year ended June 30, 2023 was as follows:

	Beginning Balance			Ending Balance
Capital assets:				
Land	\$4,600,000	\$-	\$-	\$ 4,600,000
Construction in progress	-	3,961,363	-	3,961,363

Notes to Financial Statements (continued)

4 RIGHT TO USE ASSET AND LEASE LIABILITY

In July 2022, the School entered into a non-cancelable lease agreement with BGE Financial Corporation, for the use of musical instruments through June 30, 2028 with the option to purchase for \$1 at the end of the contract. The fair value of the leased assets is \$64,383.

Future minimum lease payments is as follows:

Year Ended June 30:	Principal		Ir	nterest	Total		
2024	\$	16,097	\$	2,019	\$	18,116	
2025		16,034		2,082		18,116	
2026		16,097		2,019		18,116	
Total	\$	48,228	\$	6,120	\$	54,348	

5 LONG-TERM DEBT

The School's long-term note payables as described below:

In February 2021, the School entered into a loan agreement with Okaloosa County, Florida ("County"). The County has agreed to issue bonds, ("Series 2021A and Series 2021B") in the aggregate amount of \$9,365,000 for the Destin High School Project, ("The Project"). The Series 2021 project consist of the construction of an educational facility to be used by the School. The loan agreement was funded by the issuance of:

Series 2021A Bond - principal balance of \$9,285,000, accrues interest at 6% \$ 9,224,996 and matures June 2055. Annual principal redemption payments commenced June 2021 at \$1,667 with principal escalation every year through maturity.

Series 2021B Bond - principal balance of \$80,000, accrues interest at 7.0% and matures December 2023.

In September 2022, the School entered into a loan agreement with Okaloosa County, Florida ("County"). The County has agreed to issue bonds, ("Series 2022A and Series 2022B") in the aggregate amount of \$11,025,000 for the Destin High School Project, ("The Project"). The Series 2022 project consist of the construction of an educational facility to be used by the School. The loan agreement was funded by the issuance of:

Series 2022A Bond - principal balance of \$10,745,000, accrues interest at 6% 10,745,000 and matures June 2052. Annual principal redemption payments commence December 2027 at \$10,000 with principal escalation every year through maturity.

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements (continued)

Series 2022B Bond - principal balance of \$280,000, accrues interest at 7.0% and matures November 2027.	280,000		
		<u>\$20,249,996</u>	
The following is a summary of changes in the notes payable for the year ended June 30, 2023:			
Balance outstanding at the beginning of the year Additions Payments	\$	9,324,996 11,325,000 400,000	
Balance outstanding at the end of the year	\$	20,249,996	

Year Ended June 30:	Principal		 Interest		Total
2024	\$	71,666	\$ 1,224,516	_	\$ 1,296,183
2025		129,167	1,218,242		1,347,408
2026		182,500	1,208,642		1,391,142
2027		211,667	1,195,800		1,407,467
2028		244,167	1,180,917		1,425,084
2029-2033		1,270,833	5,840,183		7,111,016
2034-2038		2,161,667	5,045,450		7,207,117
2039-2043		2,905,000	4,301,950		7,206,950
2044-2048		3,904,167	3,302,625		7,206,792
2049-2053		9,169,162	 1,471,675	-	10,640,837
Total	\$	20,249,996	 \$25,990,000	=	\$ 46,239,996

The School is required to maintain a Debt Service Coverage ratio of 1.00 and report on Days Cash on Hand. As of June 30, 2023, the School had a Debt Service Coverage ratio of 1.13 and Days Cash on Hand of 18.9.

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements (continued)

6 SCHEDULE OF STATE AND LOCAL REVENUE SOURCES

District School Board of Okaloosa County, Florida:	
Florida Education Finance Program	\$ 2,057,982
Local sales tax	488,789
Class size reduction	414,167
Discretionary millage funds	241,439
Supplemental academic instruction	120,116
Teacher salary allocation	114,630
ESE guaranteed allocation	92,461
Transportation	87,174
Discretionary tax	61,635
Instructional materials	35,912
Safe schools	29,931
Reading allocation	23,539
Mental Health Assistance Allocation	21,458
Miscellaneous	15,499
Teacher lead	8,820
Advanced placement	8,720
Dual enrollment	3,997
Additional allocation	 2,702
Total	\$ 3,828,971

The administrative fee paid to the School Board during the year ended June 30, 2023 totaled approximately \$89,000, which is reflected as a general administration expense in the accompanying statement of activities and statement of revenues, expenditures and changes in fund balance – governmental fund.

7 RISK MANAGEMENT PROGRAM

Workers' compensation coverage, health and hospitalization, general liability, professional liability and property coverage are being provided through purchased commercial insurance with minimum deductibles for each line of coverage. Settled claims resulting from these risks have not historically exceeded commercial coverage.

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements (continued)

8 COMMITMENTS AND CONTINGENT LIABILITIES

Grants

The School participates in state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the School has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at year end may be impaired.

In the opinion of the School, there are no significant contingent liabilities related to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

Legal Matters

In the normal course of conducting its operations, the School occasionally becomes party to various legal actions and proceedings. In the opinion of management, the ultimate resolution of such legal matters will not have a significant adverse effect on the accompanying financial statements.

9 INCOME TAXES

The School qualifies as a tax-exempt organization under Internal Revenue Code Section 501(c)(3), and is therefore, exempt from income taxes. Accordingly, no tax provision has been made in the accompanying financial statements. Additionally, the school has adopted standards that examine any uncertain tax positions that they expect to take in a tax return relating to state income taxes and unrelated business taxable income. The school also assesses its ability to continue as tax exempt and a nonprofit organization for tax purposes. The School has filed its tax returns as required which are subject to examination by tax authorities, and may change upon examination.

10 PRIOR PERIOD ADJUSTMENT

In the prior year, the School incorrectly recorded certain revenues and expenditures. The net understatement of change was detected in the current year and accordingly beginning net position was adjusted by \$53,845. Additionally, certain cash balances relating to the bond were treated as long-term assets and excluded from the governmental fund basis statements; therefore, in the current year fund balances of the school were restated by \$1,011,906.

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements (continued)

11 SUBSEQUENT EVENTS

In accordance with GASB Codification Section 2250.106, the School has evaluated subsequent events and transactions for potential recognition or disclosure through October 5, 2023, which is the date the financial statements were available to be issued.

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

A Charter School and Component Unit of the District School Board of Okaloosa County, Florida

Notes to Financial Statements (continued)

1 BUDGETARY BASIS OF ACCOUNTING

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g., salaries and benefits, purchased services, materials and supplies and capital outlay) within each activity (e.g., instruction, pupil personnel services and school administration). Budgets may be amended by resolution at any Board meeting prior to the date for the annual report.

Report of Independent Auditor's on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Directors of Destin High School, Inc. a Charter School and Component Unit of the District School Board of Okaloosa County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Destin High School (the "School"), a charter school and component unit of the District School Board of Okaloosa County, Florida, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated October 5, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Additional Information Required by Rules of the Auditor General, Chapter 10.850, *Audits of Charter Schools* and Similar Entities

Management Letter as Required by Rules of the Florida Auditor General, Chapter 10.850, Florida Statutes, *Charter School Audits*

To the Board of Directors of Destin High School, Inc., a Charter School and Component Unit of the District School Board of Okaloosa County, Florida.

Report on the Financial Statements

We have audited the financial statements of Destin High School, Inc. (the "School") as of and for the fiscal year ended June 30, 2023, and have issued our report thereon dated October 5, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

Other Reports and Schedules

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings in the prior year audit report.

Official Title

Section 10.854(1)(e)5. Rules of the Auditor General, requires the name or official title of the entity. The official title of the entity is Destin High School, Inc. The School code is 9700.

Financial Condition

Sections 10.854(1)(e)2. Rules of the Auditor General, requires that we report the results of our determination as to whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Transparency

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require that we report the results of our determination as to whether the School maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Other Matters

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.854(1)(e)4., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, applicable management and is not intended to be and should not be used by anyone other than these specified parties.
